

How to Improve Your Foam Extrusion Process...

Foamazol™ Chemical Foaming Agents Can Save You Money

Bergen International's line of Foamazol™ CFAs provides direct gas and chemical foam extruders many cost saving benefits.

- Faster Extrusion Rates
- Consistent High-Quality Foam Structure—very fine, uniform cell structure with consistent density
- Better Control of Cell Size
- Reduced Polymer Usage
- Reduced Gas Usage
- Custom Product Development and Technical Assistance

Contact Bergen International to see how Foamazol™ CFAs can improve all your extrusion processes at **866.554.4951** or sales@bergeninternational.com

Since 1999, Bergen International has focused solely on chemical foaming agents—offering endothermic, exothermic and endo/exo blends compatible with most of the polymers used in foaming applications. We offer superior **Customer Service**—providing the right product, in the right physical form, and reasonable cost, when the product is needed. In addition Bergen International's staff has extensive formulating and processing experience.
